IUG Forum: Resource Sharing (ILL, INN-Reach, Rapido, etc)

01:00 PM - 02:00 PM EST

IUG Forum: Resource Sharing (ILL, INN-Reach, Rapido, etc)

Sharing is caring but it's not always easy. You've got the alphabet soup full of OCLC, ILL, and NCIP. And then you need to figure out how INN-Reach works, or Rapido, or WorldSearch, or... The list goes on. But hey, we're here for you! Join us on Zoom and bring your questions, your workflows, and your knowledge about resource sharing! Sharing is caring, but so is helping each other out!

IUG Forum: Third Party Vendors

01:00 PM - 02:00 PM EST

Wouldn't it be great if all those third party vendors worked the same way? You'd be able to set up and manage OverDrive the same way you do Hoopla, or Kanopy, or CloudLibrary? Sadly, that's not the case. All of these companies do things differently not just between Polaris and Sierra but also between different libraries using the same ILS. So until they get that all figured out, we'd love to see you join us on Zoom to discuss and help each other out with whatever third party ailment afflicts you. Or hey, maybe you came up with a stellar workflow to manage a given service! We'd like to hear about that too!*

**This will never happen.*
